The Ohio/Penn DX Bulletin No. 827 - excerpts
3D2/R, ROTUMA (Update)
Tony, FO5RK, who is planning a DXpedition to Rotuma (OC-060), is expected to be
active as 3D2AG/P starting on December 15th, and lasting until January 20th or
so, depending on transportation schedules. Antoine will leave for Rotuma from
Suva, Fiji, via an inter- island shipping vessel which takes 48 hours to reach
the isolated island some 500 km to the northwest. There is no main electricity
or adequate supplies of fuel or any other commodities on the island, so all
necessary items will need to be taken by boat. Tony will be managing his own QSL
requests upon his return home. QSL only direct and please include either 2 USDs
or 1 IRC with a SAE for your QSL card. The QSL cards are being printed by UX5UO
and the DXpedition is being sponsored by SPIDERBEAM. Upon Tony's return home, he
will have his log available online at:
http://www.3d2ag.fr.tc/
QSL requests should be mailed direct to Tony at his (QRZ.com) address.
6W, SENEGAL
Jacques, F6BEE, will be active as 6W1RW starting November 19th. He plans to be
active in the CQ World Wide DX CW Contest (November 24-25th) as a
Single-Op/All-Band/High-Power entry. QSL via F6BEE, by the bureau or direct.
CE2, Chile (Pacific Coast)
Roberto, YV5IAL, will be active as CE2/YV5IAL between October 15-21st. This will
be a QRP, portable, holiday style operation using a Yaesu FT-817 ND (5 watts QRP
Rig) into a Buddistick (portable/vertical antenna). Activity will be on PSK31
digital mode on 4070.15 kHz everyday from 2200-0000z and occasionally on
40/15/10 meters (No 30/17/12m). QSL via the bureau or direct to his home
callsign (see (QRZ.com)).
GW/MW, WALES
Members of the Wythall Radio Club and Contest Group, along with some friends,
will be on the air from a group member's farm on the Pembrokeshire coast in West
Wales during the CQ World Wide DX SSB Contest (October 27-28th). The group will
be using the club's callsign MW5W and enter the contest as a Multi-Multi entry
with three stations.
The team will consist of: Chris/G1VDP, Tim/M3SDE, Charles/M0OXO, Oliver/M3SDO,
Ant/MW0JZE, Villiam/OM0AAO, Ian/M0KCM, Neil/M3POV (Novice Op, First Contest),
Daz/MW5HOC and Rob/MW0RLJ (the Host and Farm owner). Some of the operators will

be on the air before the contest signing their own callsign. For example, G1VDP will become GW1VDP, from the Farm. G1VDP will also be operating some CW and DATA from the location in the days before the contest. The group will also have the option of adding 3 additional stations if they choose.
The reference numbers are: Loc: IO71LX, WAB: SM83 PEM (Pembrokeshire), Lat: 05:04:53 W and Long: 51:59:41 N. QSLs for this operation will be available via the QSL Manager M3SDE (see (QRZ.com)).
H40, TEMOTU PROVINCE

IOTA NEWS
